PROFESSIONAL SUMMARY

Results driven React Native Developer with 4+ years of professional experience building, optimizing, and deploying production-grade mobile applications. Strong expertise in React Native, TypeScript, and Android development with Kotlin and Java, with hands-on experience across the complete mobile development lifecycle from architecture and API integration to testing, performance optimization, and Google Play Store and App Store deployment. Experienced in developing scalable solutions for education, job portals, ERP, hospitality, and service-based platforms. Committed to writing clean, maintainable code and delivering reliable, high quality mobile experiences aligned with business and user needs.

TECHNICAL SKILLS

Mobile: Kotlin, Java, Android SDK, Gradle, React Native, Expo, React Native CLI, TypeScript
Architecture & State: Component-based Architecture, Modular Structure, Clean Code, Redux Toolkit, RTK Query, Context API
Navigation & Integration: React Navigation, Expo Router, Native Modules, REST APIs, JSON, JWT Authentication
Backend & Database: Firebase, PHP, MySQL, SQLite, Firestore
Testing: Jest, React Native Testing Library
CI/CD & Deployment: Automated Build & Deployment, Google Play Deployment
Tools: Git, GitHub, GitLab, Android Studio, VS Code

PROFESSIONAL EXPERIENCE

Mobile App Developer | Sparktech Agency
Feb 2025 – Present

- Lead end-to-end development of scalable production mobile applications using React Native, TypeScript, and modern architecture.
- Own frontend architecture, state management, API integration, performance optimization, and code quality across projects.
- Collaborate with backend teams, UI/UX designers, and international clients to translate requirements into production-ready solutions.
- Manage production releases and app maintenance across Google Play Store and Apple App Store.

React Native Developer | Smart Software Ltd
May 2025 – Jan 2026

- Developed and maintained production mobile applications using React Native with responsive, performance-focused UI.
- Integrated REST APIs, authentication, and real-time features while maintaining clean and reusable code.
- Published and maintained applications on Google Play Store.

Ascent Group

Junior Programmer | *Aug 2021 – Jun 2024*
Intern & Trainee | *Aug 2019 – Jul 2021*

- Developed and maintained mobile applications, including migration of legacy Android (Java) applications to React Native.
- Implemented API integration, authentication, local databases, chat, file transfer, and task management features.
- Improved application performance, UI/UX, stability, and overall user experience through development and QA testing.

Mobile App Developer | Xubisoft Ltd.
Feb 2019 – Apr 2019

- Developed a native Android application using Java with PHP backend and MySQL integration.
- Implemented service listings, course purchasing, API communication, and core application features.

PROJECTS & PRODUCT EXPERIENCE

Smart Academic System — School Management Platform

Google Play: `com.smartsoftware.sas`

Cloud-based school management solution for Admins, Teachers, Students, and Guardians, featuring attendance, examinations, academic reports, and role-based access.

BDJobs Live — Job Portal

Google Play: `com.smartsoftware.bdjobslive`

Job discovery platform with job listings, search, career opportunities, and notifications.

Islamic Life — Islamic Lifestyle Platform

Google Play: `com.smartsoftware.islamiclife`

Islamic utility application featuring prayer times, Quran access, Qibla direction, and daily Islamic tools.

Smart Restaurant — Restaurant Management & POS

Google Play: `com.smartsoftwareltd.restaurant`

Restaurant management solution covering POS, order management, and billing operations.

Smart Hotel — Hotel Management System

Google Play: `com.smartsoftware.hotel`

Hotel management application supporting reservations, billing, and guest management.

Skill Care — Learning & Skill Development Platform

Google Play: `com.skillcare.smart`

Education platform supporting online exams, quizzes, attendance, and learning management.

EDUCATION

BSc in Computer Science & Engineering — Dhaka International University, 2024 | CGPA: **3.78/4.00**

Diploma in Computer Technology — Sylhet Polytechnic Institute, 2019 | CGPA: **3.16/4.00**

SSC — A. H. C. Taranga Pre-Cadet & High School, 2015 | GPA: **4.89/5.00**

LEADERSHIP & ACHIEVEMENTS

- **Founding Member** — Community of Engineers
- **Former President** — IT Club, Sylhet Polytechnic Institute
- **Former Advisor** — SPICC Computer Club
- **Member** — BSAO Social Organization
- **Programming Contest Achievements:** Winner — Intra Programming Contest 2017; Winner — Winter Programming Contest 2017
- **Competitive Programming:** ACM ICPC Dhaka Regional Contest 2018; National Collegiate Programming Contest 2018
